

Hello members

In order to comply with the COVID 19 recommendations to limit groups over 50 people, maintain social distancing, and the continuing increase in cases, it is essential that we **cancel the April 14 meeting of the Guild.**

We will be giving refunds for the April workshop once we are through this event. I have not heard from the WAFC group yet but I am sure we will hear soon about their meeting plans for the same day.

We will keep you informed in regard to future meetings and events as decisions are made.

Everyone, stay safe and healthy. As they said in World War II "keep calm and carry on ". We will all get through this.

Bonita Elliott
VFAG President and Executive
